About Anita

Anita was born in East London, and now lives in Essex in the South East of England. As a little girl she would frequently get messages from Spirit. I always had a strong intuition and an inner knowing that things would happen. Anita is an International Psychic Medium, Healer and Animal Communicator, based in Essex, London. Anita was aware of spirit from a very early age, having had many positive experiences throughout her childhood. Anita works with people who may be seeking reassurance that they are on the right path and not alone, looking for a message from a loved one who has passed or wanting to communicate with their beloved animals.

"I have had the pleasure of working with Anita for the past 5 years, as demonstrating mediums and facilitating Gong bath events for my Spiritual Centre. I have found Anita very personable, engages well with those attending events and those who work with her. She also shows confidence in addressing the public and good presentation in her manner."
