If you're an event organiser, why not book Anita Denise...

For many years Anita has continued to develop her awareness of the spirit world and feels privileged to be able to connect with spirit to help people with the loss of a loved one.

Anita has been a professional psychic medium for over 21 years across the UK. She also conducts 1-2-1 readings and healing on a regular basis.

"I have had the pleasure of working with Anita for the past 5 years, as demonstrating mediums and facilitating Gong bath events for my Spiritual Centre. I have found Anita very personable, engages well with those attending events and those who work with her. She also shows confidence in addressing the public and good presentation in her manner."
